LOCATION MAP OF WORKSHOP

Our workshop is located in West Monkton near Taunton. Turn left at Prockters farm into Blundells Lane. Approx 50 yards on your right is an entrance with pillars either side, each with a large brown ball on top. We share this entrance with a house appropriately named "The Bungalow". Stay to the left of the house and go along a short lane to the industrial units located behind the bungalow.

In case of any difficulty, please telephone Lawrence Rayment on 07880 793077.
